Dear «Salutation»

The Hinckley & Bosworth Borough Council, Community Facilities Review

The Council is asking for your assistance on community facilities from Parish and Ward Councillors in their areas to assist in the production of a community facility review.

This review is an evidence based document that will inform the preparation of the submission version of the Site Allocations Document and the Earl Shilton and Barwell Area Action Plan which form part of the Local Development Framework.

The review will identify facilities which are considered important to the local community and which should be identified for retention within the above documents.

It is appreciated Parish and Ward Councillors have excellent local knowledge and it is the aim of this review to draw upon that knowledge to ensure this document is both factually accurate and reflects what's important to the local community.

The definition of a community facility has not been formally defined and will instead be defined as a result of the feedback from this request.

To avoid duplication of designations and policy areas of open space and purely sporting facilities should be excluded as they have been assessed under the Open Space, Sport and Recreational Facilities Study (July 2011). Retail premises should also be excluded as these covered under the District, Local and Neighbourhood Centre Review (June 2010).

Please complete one Proforma for each community facility in your area, providing as much information on each facility as possible so that Officers have a complete understanding of the facilities function within the community.

Proformas should be received at the Council Offices before 5pm on 14th November 2011 to be considered as part of this review.

A further consultation will be undertaken with Ward and Parish Councillors on the Draft Community Facilities Review in early 2012.

Please send the completed proformas to;

Post: Policy & Regeneration Team, Hinckley & Bosworth Borough Council, Argents Mead, Hinckley, Leicestershire, LE10 1BZ.

Yours sincerely

A handwritten signature in black ink, appearing to read 'D. Kiernan', with a stylized flourish at the end.

David Kiernan
Planning Policy Officer

Kirkby Mallory	11.01.12	Old School	Pre-school nursery, Boys and Girls Brigade, Parish Council Meetings, Organised community activities	Yes-Community

APPENDIX 4

PROPOSED SAFEGUARDING COMMUNITY FACILITIES DEVELOPMENT MANAGEMENT POLICY

Safeguarding Community Facilities V1

Provision of New Facilities

The Local Planning Authority will encourage the formation of new community facilities across the borough, (especially in rural settlements with limited existing provision) where it can be demonstrated that:

- The facility meets the needs of the community it intends to serve; and
- It is within a reasonable distance of the above community.

Retention of Existing Provision

The Local Planning Authority will resist the loss of community facilities including ancillary areas as identified on the proposals map.

The redevelopment, loss or change of use of community facilities will only be appropriate where it can be demonstrated that:

- An equivalent range of replacement facilities will provided in appropriate location within a reasonable distance of the local community; or
- There is a surplus of the facility type within the immediate locality exceeding the needs of the community; or
- The loss of a small portion of the site would result in wider community benefits on the remainder of the site.

Loss of Existing Facilities

Where replacement facilities will not be provided or a surplus can not be demonstrated and the scheme would not result in wider community benefits on the remainder of the site, the loss of a community facility would only be considered acceptable where it can be demonstrated that:

- The facility has been proactively marketed for a community use for a reasonable period of time at a reasonable marketed rate as supported and demonstrated through a documented formal marketing strategy and campaign; and
- Where appropriate, it has been offered to the local community for them to take ownership of the facility.

APPENDIX 5 PROPOSED PRESERVING THE BOROUGH'S CULTURAL AND TOURISM FACILITIES DEVELOPMENT MANAGEMENT POLICY

Preserving the Borough's Cultural and Tourism Facilities V2

The Local Planning Authority will resist the loss of Cultural and Tourism facilities including ancillary areas as identified on the proposals map.

The redevelopment, loss or change of use of Cultural and Tourism Facilities will only be appropriate where it can be demonstrated that:

- a) The existing facility can no longer operate in a viable manner and all attempts of diversification have been exhausted; and
- b) The facility can not be retained through voluntary, charitable or community organisations or ventures, with the exception of Strategic Hotels.

Or:

- c) The proposal would result in an appropriate replacement cultural, tourism and leisure resource which fulfils the requirements of Core Strategy Policy 23; or
- d) The loss of a small portion of the site would result in improved facilities on the remainder of the site.
