48/18 Reports:

- a) **County Councillor report** this had been circulated – Ivan Ould also added there is an issue with care packages within the parish with the care providers cherry picking where and when they give services. Another fly tipping camera had been stolen in the borough. There has been no adequate response from LCC about the speeding in Sheepy Ivan is going to continue lobbying this issue. There has also been a lack of communication between the highways and planning with the redevelopment of the OAP Home at Wellsborough. The problem with the parking at the water park usually on a bank holiday will hopefully be resolved with the introduction of a proposed membership scheme. Sheepy Parish were one of only 4 parishes to respond to the local strategic plan. There is to be an appeal for more people to come forward to be foster parents as there is a shortage in the County (Councillor Ould agreed to forward an advertisement which the Parish Council could place in the Parish Gazette) and also for people to be trained by the police as speed watchers for the County. Finally Ivan hoped we filled the vacancies as if there is more than 2 people applying for the posts an election could cost £2,000.
- b) **Borough Councillor Report** – Kevin Morrell stated the recycling bins have now had the caddys removed, they had then been sold for scrap for £27,000 which covered the cost of collecting them. Also the new days for the rounds had been advertised and hopefully everyone will know the new days for their collection. The initiative Fund had received £222,000 of applicants with £150,000 being delivered. Sheepy had grants for improvements to Church and new tables for the Memorial Hall, the old ones are being sold for £50 if anyone is interested. 28/6 sees the next forum they are looking for a venue in Barlestone and hopefully it will go ahead. Housing plan has been increased to 6.3 years instead of 5 years so hopefully the demand in the borough will not be as high.
- c) **Police & Crime figures (April)**

50/18 Broadband – Website was shared and can now be taken off the agenda.

51/18 Litter and footpaths

- a) Report from litter picking team – Ian Papworth stated that the litter problem seems to have reduced, could be down to long grass or down to people not littering in a clean area, it was discussed are cyclist a problem for littering? Rob Ward will look on the internet to see if it is a problem nationally. Ian was also after volunteers from Sibson who could litter pick along Sibson lane, an advert in the gazette maybe the best way to find someone.
- b) Fly tipping has been spotted at Ratcliffe lane by Lowe Farm and by Stoke Park Upton, Ian to look into.
- c) The use of a camera to spot fly tippers has been shelved as there is a major problem with them getting stolen.

52/18 Vehicle activated sign – Rob Ward reported that the sign has been moved to Pinwall and was working, unsure how good the data will be close to a junction. This will then be moved to Sheepy Parva, then hopefully to a suitable position in Upton. There is a spare pole at Wellsborough which maybe adequate.

53/18 Ground Maintenance Update

- a) Gate between Glade and Footpath (modification) – A verbal quote has been received for £285, Clerk to forward written quote once received. It was noted that the Clerk and Chair have the authority to agree expenditure without approval of the meeting (up to £500). Ian to look at gate to see what modifications are required and liaise with clerk and Jim Aldridge.

54/18 LCC Highway matters

Emails have been circulated with any matters

55/18 Policies and Procedures

- a) GDPR – Andrea will hopefully have something for the next meeting and even though the deadline had passed she felt the risk of any enforcement action was low as the legislation had changed at the last minute meaning few companies were able to fully comply for 25 May.
