Comments/Suggested Modifications

Policy H2.

With reference to Figure 2, there are no environmental constraints within the settlement boundary which fall within the remit of the Environment Agency. However we note that the most South-Western corner of the proposed housing allocation located off Barnsway is underlain by a closed landfill site. This area of the site is therefore highly likely to have some degree of contamination due to its previous use. Any re-development of the site should ensure that it does not pose a pollution risk to the environment. The Local Planning Authority may hold information regarding which wastes were permitted to be deposited at the site.
